PURPOSE

The purpose of this guide is to provide safety code references in a quickly accessible format. The safety codes are categorized by function and topic. The safety codes in this guide are from Title 8 of the California Code of Regulations.

DISCLAIMER

The information contained herein (“Guide”) was compiled by the California Grain and Feed Association (“Association”) from various regulatory sources for use by California grain, feed, and rice handling facilities. Every effort has been made to provide the most accurate and current information available. However, the Association makes no warranties regarding the information contained in the Guide or the applicability of such information to a particular operation. The Association specifically disclaims any and all warranties, express or implied, including but not limited to implied warranties or merchantability and fitness for a particular use. The Association does not warrant that the information contained in the materials will be error-free or that defects will be corrected. This Guide is not intended as legal advice and citations to statutes and regulations are for informational purposes only. Nothing in this Guide is intended to replace a handling facility’s own technical experts or legal advisors, and the Association encourages each facility to consult such professionals before implementing specific regulatory requirements. This Guide is not intended, nor should it be interpreted, to be exhaustive in its regulatory standard content. The Association may update the materials in this Guide from time to time, but the Association does not accept or undertake any responsibility to update the information provided in this Guide on a regular basis or at all.

Under no circumstances, including, but not limited to gross negligence, shall the Association be liable for any direct, indirect, incidental, special or consequential damages that result from the use of, failure to use, or the inability to use, the information in this voluntary Guide. Persons utilizing this Guide, with or without permission, specifically acknowledge and agree that the Association is not liable for any damages resulting from its use.
